

# LEGO<sup>®</sup> MAN in space

Try this fun art activity!

What you'll need:

- ☆ White Paper, Pencil, Markers
- ☆ Black Construction Paper
- ☆ Colored chalk
- ☆ Scissors & Glue

Step 1.

On white paper, draw a picture of yourself in your astronaut gear. You can also draw a space craft or anything else you'd like to add to your space scene!

Step 2.

Using colored chalk, draw some outer space on black paper: stars, comets, asteroids, planets.

Step 3.

Using your finger, smudge the chalk to give your drawing a cool space glow.

Step 4.

Cut out your drawings & glue them onto your space scene.

☆ Want to add some dimension?

Glue folded scraps to the back of your cut outs to raise them off the page! Experiment with different heights!
