

LEGO[®] MAN in space

Finger Puppet THEATRE

Step 1. Color the legonauts below. Step 2. Carefully cut out the dotted circles & the legonauts, ask an adult for help. These are the holes for your fingers! Step 3. Reinforce the back of your finger puppets with masking tape so they will not tear. Step 4. Choose a scenario from the box at the right. Step 5. Write a script for a Finger Puppet Show. You can work by yourself, with a friend or in a group. Do you want to create any props, scenery or other characters for your show? Step 6. Practise your show. Step 7. Perform your show for an audience.

Ideas
for your
Show

☆ The legonauts land on Mars and meet two aliens. Are the aliens friendly? What happens? How do the legonauts communicate with the aliens?

☆ The legonauts are in outer space. They have run out of space sandwiches. They are very hungry. What should they do? Where should they go to find something to eat?

☆ One of the legonauts wants to bring her pet lizard with her to space. No one has ever designed a space suit for a lizard before?! How do the legonaut and her friend get the lizard into space safely?

☆ Make up ^{OR} your own idea for a finger puppet show!
